**+morevisas**

India's Emerging Immigration and Visa Consultants.

## What is a Curricular Practical Training?

- Curricular Practical Training (CPT) allows students to accept paid alternative work/study, internships, cooperative education or any other type of required internship or practicum that employers offer through cooperative agreements with the school
- Students have the option of working by engaging in practical training
- CPT can be during your program or after it is completed
- Practical training will provide valuable work experience by enhancing and adding to the skills you are learning in school
- CPT must relate to the students major subjects and the experience must be part of your program of study
- Curricular Practical Training begins after the Designated School Official (DSO) authorize CPT during your first semester if your program requires this type of experience
- DSO will provide the student a new Form I-20, "Certificate of Eligibility for Nonimmigrant Student Status," that shows that the DSO has approved you for this employment
- Student can work on CPT either for full-time or part-time
- CPT requires a signed cooperative agreement from the student's employer
